
Allen B. Summers

January 20, 1948 - June 5, 2023

We are saddened to share that Allen B Summers passed away on Monday, June 5th. He was 75 years old. He passed at home with loved ones by his side. Allen was born and raised in northern New Mexico but spent many years of his life living in various places around the country, from Florida, to Colorado, to Missouri, making friend and creating adventures the whole time. He loved the beauty of nature, art, learning new things, the bigger questions of life, motorcycles, his country, and the beauty within people he met along the way. His natural propensity to live his principles, and desire to serve his country led him to join the Air Force and serve in the Vietnam War, for which we will be forever grateful. He excelled at a handful of different careers throughout his life from sub-division development planner to telecom engineer. Always self-taught, and exceedingly dedicated to any job he took on. Above all, Allen loved the people in his life, even if he did so in his own unique way (you all know what I'm talking about); we all knew a small part of this amazing man's life. He was a kind, loving, honest, and a forever supportive father. He is survived by his son Wes, his sister Gayle and brother Stephen and his many nieces and nephews.

MD

Allen was an amazing friend and neighbor. We moved in next door to him 6 years ago. My husband became very close to Allen and he was like a grandpa to us that we looked up to. Allen was always willing to lend a helping hand and was very generous. Allen was well known to go to Sam's and he would always come back with a huge apple pie that he would buy for us. My husband and him became very close to each other. Whenever Allen would have his garage open, my husband would go over there to help out or to just talk! We will always remember the amazing guy that Allen was and how thankful we were to have the time we did have with Allen in our lives! Rest in peace friend-we will always love you!
