“ I met Lloyd when I transferred to business care, he was a character in a fun way, we went thru training, I never remember him not having a smile on his face, and I knew Kristen before, I had ever officially met her, even the days he was having issue he still would smile and I will always remember his smile, to think he was taken before he was ready, is still hard to believe, I was hoping I could be there to say a final good by, he will definitely be missed by everyone who knows him, and my Prayers are withyou daily, Peggy

“ where to start i still cant believe your gone, so many memories flashes through my mind all of the years we known each other hell we meant in 1988. We been friends from the very start we had that bond that deeper than friends we were brothers, i can not express in words what impact you have on my life hell the impact you had on everyone. you are missed everday, the light you shined on everyone the joy when we were all together, I love you my brother. The first memories that comes up is Mr. Costa you would tell him on a daily basis I'll wax your head for a dollar, Mr. Ladine you need pearl cream it will take away your wrinkles, and of curse we cant forget when you would stay the night at my house and you would wake up early every morning just so you can flip off John when he went to work yelling be grandpa. i know your in heavn now flipping John, the Fat Boys what great memory and fun time you, myself and Mathew Waller man i wish i can remember how that rap went but hey we won. The time in Mrs. Cressio's class when we sang I just called to say i love you. I will never forget you pass me glasses and you put on pink batman glasses and said follow me. Cant forget about the LaGrange Rodeo lol that was great a time. Last year when you called me the night before your surgery you called just to say thank you. You Thank me for being your friend for being your brother that is when I knew we had to move to Joplin, even though i was still planning Oklahoma but deep down i knew it had to be Joplin, we were going to have our second half our lives to have fun and do things together, Once we moved here im nt sure who was more happy us for leaving California and You, we made memories right away Branson, Lamberts, Movies , Dinners , Football Sundays, and Baseball games, but the best thing is we got to know Kristen even more from the first time meeting her i understood why you fell head over heels for her and I thank the Lord from that moment that you found her and she found you, You guys have that special kind of love that would make people jealous. But my favorite memory is when you helleded us get our Futon you looked at me and said Man you rolled the dice you moved out here blindly, you got yourself an nice apartment and a job I am Proud of You!!!!

The truth is we couldnt not have done without your help annd guidance you had more of impact on the move than you realize.

LOYD its my turn to say thank you , thank you for your advice and guidance but most importantly Thank You for being my brother.

“ How can put into words what you meant to all of us Loyd? He was the type of person that had a contagious smile biggest heart that God could have made for all of us that knew him got to experience. If anyone has a friend this great cherish them. I know Loyds with his family in heaven. He loved his wife more than life itself his dogs and his country. You will forever be missed. I love you Mr Tennison

“ He was a great friend to many and sure will be missed. When I worked with him , He never passed by my desk without a smile or hello and if he only knew those kind gestures are what we all needed some days.

“ Loyd and I started at AT&T at the same time. His warm smile and kindness was something very special . He always had plenty of kindness and positive words of encouragement. Loyd always talked about how much he loved Kristen and his fur babies. Loyd will be remembered by many and missed by everyone. His legacy will be passed on by his special donation. He will live on. I feel blessed to have been a friend and co worker. I will miss you . Friend an coworker..Shirley Boone

“ Loyd had an amazing ability to see the best in unbelievable situations and people. He always had a way of making me see the positive side of things. We were on the same team at work and I sure missed him when we started working from home. He would still message me though....encouraging me when he noticed I was getting discouraged. The last couple days have been really hard knowing I wouldn't be receiving those any more. Kristen, you are in my thoughts and prayers!
