

Anthony Shipman

April 26, 1976 - November 30, 2023

Anthony “Tony” Wayne Shipman was born on April 26th ,1976 at Fort Leonard Wood, Missouri to Theresa and Jeffery Shipman. Anthony was a very important person to a lot of people, he was a father to three boys Austin, Gunner, and Chance Shipman he was a Baby brother to Jeffery Shipman Jr., and Tina Stewart but that’s not all Anthony was he had very many friends who he had left with an empty spot in their chest after passing. Anthony passed on November 30th, of 2023 at 1:12 PM in Pittsburg, Kansas Anthony was a Handyman in the town of McCune Kansas where he resided, not retired because that man found something to fix in everything. Anthony had very many hobbies on top of his handyman work he loved to hunt and fish whenever it was possible, that man would spend days outside without calling it camping, the outdoors has had an impact on the person he was. Anthony was someone that would go above and beyond, he would give you the shirt off his back if it made you feel any better. No one would be able to match the heart that he had, he would go through and do so much for everyone and not ask for anything in return.

Anthony “Tony” Wayne Shipman will have a celebration of life on a later date.

TM

“ Tony was my boyfriend in high school he meant everything to me he was my best friend and it breaks my heart and it feels like a piece of me is dead inside with him gone I find myself wanting to call him or wanting to text him just to say hi or to see how his day is going cause that's what we did everyday we would check on one another and now I find myself lost and wishing he was here for just one more day so I could tell him goodbye cause Tony text me and asked me to come by the day he passed away and I tryed calling him and texting him back but he had already passed away and I feel horrible that I didn't make it in time to see him before he passed its killing me inside thinking maybe just maybe he was wanting to say goodbye cause he knew something was wrong I don't know but I will forever wonder what our conversation would have been if I would have seen him that morning. I love you Tony forever and always Your best friend Tanya Monohon
