“ I am sorry to hear of the passing! I knew this family well as I was employed as a stone mason for many years with Talbert masonry. I always called Christine "MS T" & she was like a mom to me. I met this family through dating her daughter Torrie & became pretty much family for many years! I am so sorry for don,troy,torrie & lisa. I know don loved her very much & I am sure this will be haRD. you will always be family to me till the end! kind regards, joe Donovan Lakewood co

“ Don & Family....I am so devastated to hear about this! I had sent her an invitation to my birthday party that Tiffany had for me the first part of February and wondered why I hadn't heard from her. This just makes me so sad. Gayle will always be in my heart & I pray that she and Gene are dancing together once again. Tiffany loved connecting with her in Colorado & I'm so grateful for that. Memories are so important to us all & I always thought Tiffany and I might make a trip to Missouri to see her this summer. I will never forget her. Carolyn (her sister-in-law from Nebraska)
