“ Dan - I could always count on you to cheer me up. You always knew how to lighten the mood and how to make everyone laugh. You can tell a story like no other and the memories I have with you are some of the craziest funniest stories that I tell to this day. There was never a dull moment being your friend.. Glad I got to see you one last time before you left this earth. I'll never forget you.. I'm definitely going to miss talking to you and being able to talk about anything with you.. Love you so much dork :) You will be missed by more than you ever thought possible.
