“ *I met Dave through my brother in High School, in Estes Park, Colorado. Dave and my brother were really good friends. It was through that friendship, I became a friend as well. Many years later Dave reached out. I was really glad get to know him again. I enjoyed these last 2 years reminiscing. Thank you Sue for accompanying Dave in his life and on his Colorado tours. I will miss Dave's subtle humor and mild manner. I pray his spirit lives on forever.*
