“ *You were my mother and best friend. Even though we didn't see eye to eye alot I truly loved you more than you knew. We went a lot of places together. I will cherish those memories for the rest of my life. I wish I would have had more time with you. I wish you would have been able to see the great grandkids graduate and get married. But I didn't want to see you on more pain. I pray you and dad will look down and see all of us through life. Give Chris a hug for me. Mom this is going to be hard to go on without you. My heart is broken. You were a good mom but a wonderful person to have spent my life with. I love you dearly and will miss laughing with you and bringing Mila and Blakely over to have dinner with you. I could always count on you for any help I needed. Love you mom and don't know how to go on from here.*

Terri,

We know how much you will miss your mom. I am sure it will be so strange to not have her to lean on. Praying for both you and the girls. You have her strength and resolve. I hope you will be able to channel it to help you through this time in your life.

Love, Aunt Debbie
