“Derek is survived by his mother, 3 half-sisters, adopted brother, and best friend. He enjoyed heavy metal, motorcycles, adventure movies, and playing cards. Not many people got to know Derek for who he was. He had a rare disability that affected him all his life, and paired with some other troubles it led him to being a polarizing figure. He had humor mixed with high intelligence and a keen observation of those around him which allowed Derek to be a great conversationalist and fun to be around on good days. I will miss him, but I know that he is no longer in pain. May his memory always be a blessing.

With love,
Speedy
