“ I remember Don and I playing outside in the snow. Don would lead and I would follow. We went ice skating on the creek, good thing we did not fall in.

He is also in my heart.

“ When I was little, I thought Don was so cool with his motorcycle vest and bike. I have fond memories of watching Don do tricks on his motorcycle on my way to high school. He would be in front of me on his bike and he would be standing on the seat or on the side pedal with both legs on the same side. I would tell him later how dangerous that was and he would laugh. I will keep you dear in my heart.
