“ *My Dad. We had a small amount of time together. We kept in contact through letters, emails and social media. Even though we were miles apart, we had a strong bond as Daughter and Dad. As an adult we met again face to face and wish we had more time together.*

❤️🙏. *Theresa your dad had bragging rights on you & Tanya. He was so proud of you both. When someone would ask him do you have kids he'd say I sure do. He'd say 2 girls and he would say it with so much pride. ❤️ He loved you too so much.*
