ST

“Floyd was a pleasant and good employee at ETCO and a personal friend. He was always willing to help out when he could and many times covered for us when we needed him on a shift different from his normal one. I have a ring he made for me from a silver half dollar. He had interesting hobbies that he shared with several of us and always seemed to have a car, lawn mower, or construction project that he was working on. He will be missed as more than just a co-worker, but as a true friend.
