“ I didn't know my Uncle as much as I would of like to but what I did know wad that he was caring and loving not just to me but everyone around him. He was patient and kind and he loved my Aunt and cousin very much.May he Rest in Peace.

JR

Monte was a wonderful man. He served his country with honor. He shared many stories with me about growing up in our family. My favorite story was the one about the tree of life he witnessed. He didn't fear death. I know he is resting near that tree and surrounded by his family who went before him. He will always hold a special place in my heart.
