“Dad was an excellent father , he never turned his back on me or my brother even when he probably should have..He Taught me to love and respect the outdoors at a young age, when we fished somewhere dads only rule was leave it cleaner than it was when we arrived....He Taught me how was a little on the wild side in his younger days but I wouldn't have changed him for the world...Dad loved picking Morel mushrooms, he couldn't eat em anymore due to the Stomach distress they caused. Lol..inside joke between me and him...I could go on all day about my daddy so I'll cut it short all I know is I miss him every second and there is a huge piece of my heart missing now...Although it makes me smile when I think about him being with Jesus, grandma Chew and grandpa chew Jackie Bob, Nancy and many other awesome people.....My dear Aunt Connie Box is a wonderful person she took care of Dad during his last months. Made sure he rests next to grandma etc..Love u Aunt Connie and uncle David..Shane Loren Chew
