“ Many memories we will cherish forever and always. Dad was a good man who was always there when we needed him. We all loved to go to the farm. Many memories of him and the farm, grilling out, riding horses, kids birthday parties, holidays and westerns always on the tv. He always wanted to be a veterinarian, I guess is why he loved the land and all the animals he had and gardens we had through the years. And, the way he looked at mama, his eyes sparkled. He loved and cherished her until the day he left this Earth. Love you Dad, so much. Thanks for loving all of us. Carrie Beth.
