Tribute Wall

SS

“ *The best friend I ever had. We spent many hours just talking. He was a talker. We had plans that don't seem important now. Life seems a little darker because Keith was such a bright light. He loved his family and was a good person. He left us to soon but he will never be forgotten. Our prayers go out to Kim and the kids. I'm sure Keith and Willie are having a good time again. I'll miss you my friend.*

“ *My heart goes out to Keith's family, his love for them was boundless.
The world lost a good one when he passed.
Keith was the type of person that never met a stranger. Once you were a friend, he considered you part of his family.
He will be dearly missed by all.*
