“ *My Aunt Kelly tackled this world with a big personality. She was a survivor and handled everything that came her way. Her life was a wild ride, but I know her family meant the world to her. Although, she would love to see her grandbabies and great grandbaby grow into adulthood, I know she was ready to see her parents (especially her mama), my brother and other family again. I have said before, and I'll say it here, we have similar spirits and I'll always give her credit to any bravery I muster for here forth. It is gifted to me from above. We come from a line of strong women, and I have gained a guardian in the skies. Aunt Kelly, it is too soon for you to go, but you are with the Lord and I'll see you again when I get there. I love you. Goodnight, sweet lady. Give our departed family a hug for us!*
