“ A few of us had motorcycles and loved the long trips , once in Oklahoma we stopped at a roadside diner with tables outside . After eating Sandy went in to get toothpicks and while handing them out to us , I (with my new dentures) when Sandy handed me my toothpick ,I handed her my denture and said , Here go ahead Sam ! Now If you know sandy like I do !! She Gagged , Screamed , and called me a few names ,!! Everyone got a big laugh.. WE had many many good times . We love her so an will miss her .

“ Oh my!! What about the time we were possibly 5 yr old. No idea who bought these for us but we got new little white Cotten slips. We thought we were so pretty in them. We danced around like fairies!! In fact, we wore them and wanted everyone to see them, so we didn't want to hide them with a dress. Yes you guessed it!! Just pretty little white Cotten slips all summer!! 🌹
