“ What a cook you were you should have been a chef..I probably gained 10 pounds eating your cuisine. You new more about baseball, soccer, and football than a sportscaster . Im sorry about your grandpa Hailey I hope your doing ok. I wish more friends would write a memory . Oh well until we meet again. No baseball can you believe it. RIP bro

“ I have known Mike since we were kids at St. Monica's. Lived right up the street from him . Crawford, Robey, Lay, Underriter, Miller, Davidson, La Blanc and the rest of the Robinwood clan. We raised hell and Mike was always the one in trouble. He was the one guy in the neighborhood that your parents didn't want you to hang out with. Fuk, I'm gonna miss him!

“ Mrs Charlotte Volo—- Sadness in my heart since hearing of Big Mike —- So many treasured moments BBQ on the front porch —- OR him whipping up Italian Special Dish in the kitchen. Trying to keep up with FBI / Saint Louis / Creve Coure stories —- or quizzing each other on Rock N Roll groups. An honor to share several short but the best years with him—- I will keep you and Hailey in my prayers since Big Mike will be in eternal rest with his son and daughter in Heaven.
