My name is Terri Kelley Randol. I am the reunion coordinator for the Truman High School class of 1975 in Indep Mo. I am trying to find out if the Michael Wallace from Carl Junction, MO that you knew was our fellow graduate. I would be happy to share with you our school page for him if you would be willing to look at the photo and see if it is the same person. I truly would appreciate your help and consideration.

“ Mike was a dear friend to Lee and me. He was a kind, understanding man. When Lee was in the hospital for so long, Mike came to visit him. We had many long long conversations about very important things and many small, but funny things. We were thrilled about the transplant, and expected many more years of fun. The birthday parties, the dinners at our house. The Halloween party when you were terrifying to to our little grandchildren.(not really) great costume. You helped Lee on the Wilshire house repair. The bannister to our basement was installed by you. You helped us plant flowers in our back yard. You showed all of us in our little group how to walk with peace and serenity.
We will never forget you. Carolyn and Lee Wade

“ *Mike Wallace was a good man. He was caring and always willing to help others. This year was to be a great year with a new life from the tranplant, a new home and the beginning of traveling to see the country and other places in the world which he wanted so much.*

God Speed my friend. Thank you for your gentle heart and great sense of humor. What a year and a journey. You stayed strong and gave it 100%. I will miss you!!!!!!!

My condolences to his family...brother who cared for him during the transplant and in the end. He loved you and it meant so much to him you were there. This is so shocking, and so sudden. I Love you Mike.
