Patrick Wayne Perrin, 43, passed away on November, 27, in Joplin Mo, leaving behind a legacy of kindness, laughter, and unwavering devotion to those he loved.

Born on September, 22, to Hazel Marie Perrin & Terry Lee Perrin. Patrick was known for his generous heart and his incredible gift for working with his hands. As a talented mechanic, he could fix just about anything with wheels but what truly set him apart was the way he cared for the people behind those cars. He offered help without hesitation, never expecting anything in return. If you called, he was there with no hesitation or questions asked.

Patrick's sense of humor was one of his greatest qualities. He could bring light into the darkest moments and make anyone laugh, even on their hardest days. His jokes, quick wit, and ability to find humor in everyday life are memories that will forever bring smiles to those who knew him.

He had the warmest and the best hugs. The way he spoke love and kindness into others will never be forgotten.

Above all else, Patrick loved his family deeply. He had a tender, protective heart, especially when it came to his sisters. He checked on them constantly making sure they were safe, supported, and never feeling alone. His loyalty to them was unshakable, and his presence was a source of comfort and strength.

Patrick is Survived by his children, Ethan, Nathan and Morgan. His Sisters Stacy and Stephanie. Nieces Jessica, Kaileigh, Autumn, Trinidy, and nephew Michael.
