“ I have wonderful memories of my brother Bobby when we were young. There were three of us brothers always getting into some sort of mischief and we drove our parents crazy. No matter the distance we lived from each other, we could always depend on each other for support and love. He will be greatly missed. Rest in peace, Bro. Love your brother, Walter and family.

“ Robert, Bob to me, was always such a happy guy! He always had a good word for everyone who he met on his way. And always a positive voice with Veterans who might need someone to talk to, or information on how to get help. I will miss his humor and hugs when we would get to visit here at the IWX terminal in Springfield. He was most proud to let you know he was our “oldest driver”! To his family, I send my sorrow at our loss, but also know that we know where to find him! He was a wonderful example of a gentleman and a scholar. He has and will be missed. Rest In Peace, dear friend, till we meet again. ❤️
