“ Bob was just a genuine good person, one of the kindest people I have ever known. His love for God and family was unmatched. We didn't get to spend near as much time with him and his family as I wish we could have. I remember many hours of music and good times. His Elvis impersonations were outstanding. I am 5 days older than Bob and he used to tease me about being the older woman. I am so sorry for the family's loss for it is tremendous. What a wonderful legacy he has left for his family. He was a great man. We will miss you Bob, Love Bernard and June

“ There are so many memories. When Bob dressed up in his Elvis outfits and went to sing different places he had his own fan club. It was so cool. Going fishing and camping out at the farm those were really really fun. Kids loved swimming out there. But my most happiest memory is the day Bob talked me into staying with Tom. Best thing I ever did. Thank you, Bob. You will sure be missed. RIP brother. We love you, Tom and Debbie

“ *Life won't be the same without you. You brought the light into all our lives. I will miss sitting in your lap eating ice cream, talking about birds, or laughing at you when we played scrabble because you weren't the best speller;)*

A memory I'll never forget and I've thought about it a lot during all this. When we were walking in the dark out at the farm, I remember holding your hand and asking you how you were so brave and was never scared of the dark. I remember you telling me that as long as you knew you had god by your side there was never anything to be afraid of. Papa told me if i'm ever scared to just pray. I'll always pray when I'm scared, and I know he'll be right by my side. You will be the best angel to watch over us Papa.

To the one man in my life that taught me how a woman should be treated, who taught me strength, bravery, and most importantly taught me to always pray. I love you Papa, rest peacefully 🕯
