“ Bob as he was known to his friends and family was an amazing person. He married my mother and they were married for many years. she passed from Cancer a few ago. She loved Bob and knew she found her soul mate. I called him Dad due to how close we got and how he treated me. being the only male child we got along well. he treated my wife and kids as his own. My family will truly miss him as another good man died way to young. my sisters and I are extremely grateful for the time we had with him and are hearts are hurting for under the circumstances that took his life. RIP DAD you will be missed.

“ I was good friends with Bobby's daughter Kristi. A couple of memories I hold dear is...Bobby taking us girls target practice at the creek property. We would spend most of the day just shooting clay targets in the chat piles. Another memory is...Kristi and I had a task of painting her bedroom. We couldn't decide on a color and we had a few to choose from. So, we decided to splatter all colors just randomly. We had a blast flinging paint everywhere. Bobby wasn't as thrilled about it lol. Needless to say, we got in trouble. Bobby was such a great guy. I am blessed to have known him. He will be greatly missed.
