“Rory was a wonderful man. We had been through so much in life together. Met him on the church bus when I was 14. ( 43 yrs ago ) It was love at 1st sight. Real true love. We could talk about anything with each other. Went for long walks, hiking etc. Ran away to Colorado together, We would lay on the floor and he would read a book to me or tell me Bible stories. When we went separate ways that lasted years. Had different families. We still loved each other. We reunited years later and yes. The love was still there. He was a gentle, loving and beautiful man with even a more beautiful soul Rory. I will miss and love you always, till we meet again in heaven. Forever loving you. Elaine ❤️
