“ *I remember Rosella used to visit my grandmother, Inez (her sister) from time to time in Goodman, MO. I never really knew a whole lot about her. I am sad that this obituary is only two lines. I wonder if she has any family remaining?*

Rose has a couple of daughters who are still living. If you look up Walter (Rose's son) Wells, you can see his obituary that lists some remaining relatives. Rose and Inez were my aunts. But after grandma dies, the family drifted apart, so I don't really know much about the family.
