“ Susan and I taught together for many years. First at Duquesne and later at Emerson. I loved her. She was so creative and fun. I remember a time when she started a drive for Earth Day. The children brought their coins and they were collected to purchase a tree to be planted in honor of Earth Day. It was planted on the front lawn with a special plaque. She was a very special person. So sorry to hear of your loss. She touched the lives of many. Much love,  
Joanna Cook
