“ Billy was a good friend. We played trumpet together in High School band and in the Trumpet Quartet in High School. We were college roommates for a year at Mizzou before he transferred to Arkansas. Of course I knew all his sisters well. I have a lot of fond memories. Billy will be sorely missed. Condolences to you all.

“ Billy has always been a part of our lives. Running around with sisters having a good time. Talking to him in Oklahoma on the job. Talking at class reunions. So sorry girls, Johnny and all. Karen Blades Gray
